

61-70

Numbers worksheet: 61-70

▶ Point and say the numbers. Then trace and colour.

Number worksheet 16: Guidelines for parents and guardians

Play the audio clip for your child to listen and point to the numbers 61 to 70. Then practise saying the numbers on the apples together, with and without the audio. The child uses his/her finger or a pencil to trace the dotted numbers. He/She can then colour the picture. Ask, e.g. What colour is apple 66? or point to an apple. Encourage the child to reply with the number, e.g. 66 is yellow.
